Review GSDC Initiatives for FY 13

• GSDC has researched, discussed and voted to recommend the following for selected FY 13 focus areas:

1. “Examine and where practical, establish a standard for all agencies in terms of contract length and increased transparency on how the length of contract decisions are made”

   Recommendation: GSDC is recommending to not standardize contract terms for state contracting. OMB GSS is developing training materials and FAQs to educate the supplier diversity community on what the opportunities are to understand and influence contract decisions with regard to length of terms.

2. “Continue to work on codifying and promulgating the various initiatives explored and proposals developed through the GSDC Tiger Team process. This includes incorporating Veterans into the initiatives”.

3.”Evaluate the consistency and integrity of the RFP process, including follow-through and status updates by Procurement personnel. Create accountable timelines for Vendors who have submitted formal proposals.”

Recommendation: OMB GSS recommends conducting research on all contracts since 2010 to present date to review, from bid opening to contract close date for all procurements. This research will provide a timeline and will then assist in creating a recommendation by the GSDC for consideration in the state procurement process.

4. “Devise a method for effectively communicating current Supplier Diversity Score Card information to the Supplier Diversity Community”.

Recommendation: The FY 2014 first quarter report was published on December 18, 2013. OSD has reversed the reporting requirement from an agency self-submission to an OSD quarterly outreach to gather data necessary to complete agency score cards.
5.”Encourage School Districts to report their Diversity spend on the Supplier Diversity Score Cards: GSS to actively participate in School Districts Vendor Days including the providing of training.”

Recommendation: OMB GSS presented a letter on December 2nd to the school districts reminding them of their pledge to participate in the supplier diversity initiatives of the State. As of December 10th the districts committed to offering Vendor Day training in each county. The first is in Sussex County at Cape Henlopen School District on January 16. The next is in New Castle County at Appoquinimink Training Center on January 21. Vendor outreach to open the seats for these events commenced on December 18, 2013.
